

28 JULY 2012

LEASEWEB TEXEL AIRSHOW 2012 English version

TO ALL PILOTS AND PASSENGERS OF VISITING AIRCRAFT

Welcome at Texel Airport and the LeaseWeb Texel Airshow 2012

Please read the following information!

TO ALL

Check out the details:

www.texelairshow.nl/wp-content/uploads/2012/01/VerkeerAirshow_2012.pdf

If you have comments please send the correct details via email (info@texelairport.nl).

If you can't come to Texel, please let us know. In that case we can make someone happy who is registered on our standby list.

Rules visting aircraft on Friday 20th of July 2012

- Check the NOTAMS before departure, due to rehearsals of participants on Friday afternoon.

Rules for visting aircraft on Saturday 21st of July 2007

- Slottime is landingtime (Check out the Supplement!)
 - <http://www.texelairport.nl/downloads/SUP-Airshow-2012.pdf>
- Extreme caution due to heavy inbound traffic!
- Positive control by ATC!
- After landing vacate the runway as soon as possible in a safe way!
- Follow the instructions of the motorbikes and marshalls!
- Park very neat and as close as possible next to other aircraft!
- After parking report at the airport hangar.
- Avoid calling Texel Tower by phone on Saturday the 21st of July!
- Refuelling of Avgas 100LL and JET A1 is no problem.

Other rules

1. Pilots of visiting aircraft and their passengers have to move direct after the landing formalities (in the airport hangar) to the spectator's zone. This zone is located in front of the restaurant. Please pay your landingfee and entry fee **CASH**. Paying with plastic is **not** possible. We charge also entry fee because a unique airshow is very expensive!
2. All pilots who will depart after the airshow need an outbound slottime. You can find your slottime in the airport hangar and in the Pdf-file.
3. It's not allowed to stay in the visiting aircraft parking area and the area in front of the tower and hangar. After the last display you can go to your aircraft.
4. After arrival each pilot and passengers will receive a ribbon tie in the airport hangar. You have to wear this especially in the active part of the airport
5. **BOARDING AND TAXI BEFORE DEPARTURE IS NOT ALLOWED BEFORE 17.15 LT.** Please be very careful when you walk to your plane due to rotating props!
6. We advise to have the Texel Radio (119.30) frequency 'stand by' during taxi. When you are in No 2 position for departure you can make your first call to Texel Radio.
7. The departure procedures are published in a **VFG Supplement**. Please mind built up area's and climb as soon as possible to 1500 feet after departure. (Check out the SUPP! On page 1 you can download the SUPP!)
8. When you camp at the airport under the wing of your aircraft (please let us know that!!!) during the weekend of the airshow, please beware of the following:
 - We charge just € 5,00 per person per night for camping.
 - Mobile toilet near camping area.
 - Showers limited available close to the tower.
 - Bicycles are not allowed on the airfield!
 - Be very careful when you walk from your tent tot the airport restaurant, especially in the dark!
 - Please avoid noise during the night!
 - No smoking on the airfield!!!
 - Breakfast in the restaurant between 08.00 – 09.30 hrs. (Make a reservation one day in advance in the restaurant!)
 - Please keep our airport clean!

Please pass this information also to your passengers!

We want to thank for you collaboration and wish you a very good time during your stay at Texel International Airport during the LeaseWeb Texel Airshow 2012!

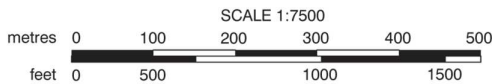

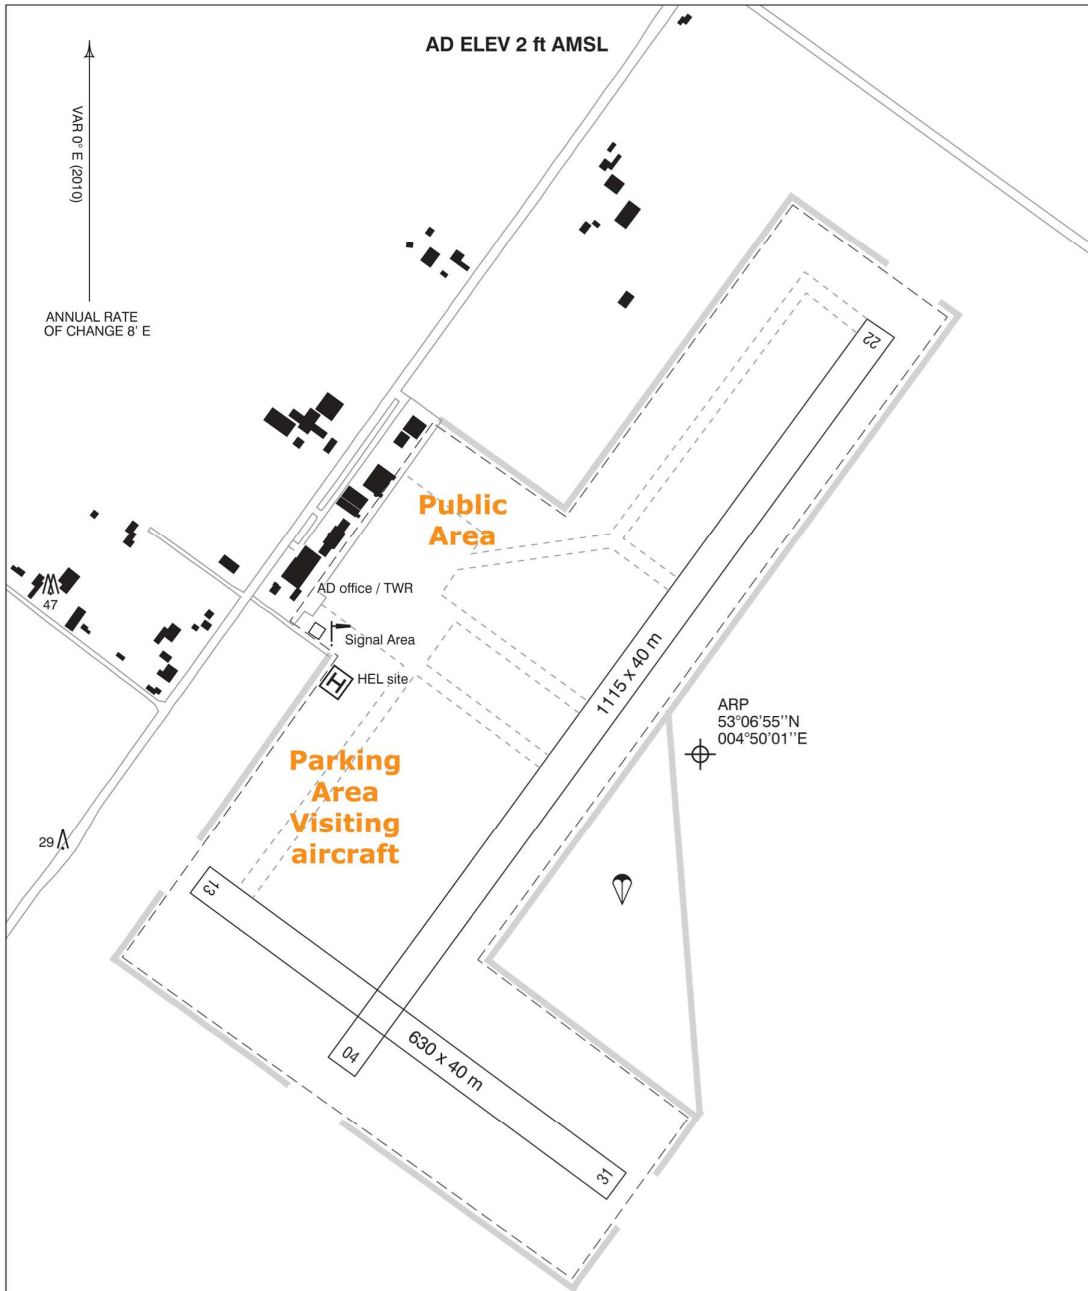

Ed and Mike de Bruijn

AIP NETHERLANDS

TEXEL / TEXEL AERODROME
AERODROME CHART

AD 2.EHTX-ADC
07 APR 11

PHYSICAL CHARACTERISTICS		BEARING STRENGTH		
RWY	DIRECTION GEO	MAX AUW*	MAX TYRE PRESS*	SURFACE
04	036°	6000 kg	0.56 MPa	GRASS
22	216°	6000 kg	0.56 MPa	GRASS
13	126°	6000 kg	0.56 MPa	GRASS
31	306°	6000 kg	0.56 MPa	GRASS

* When surface conditions so permit, the aerodrome manager can admit aircraft with a higher AUW and a higher tyre pressure.

ELEVATIONS IN FEET AMSL

LIGHTING AIDS
